Dear Parent (s),

We need your support! Studies show that parental involvement in a child's education is one of the most important factors in raising student self-esteem and academic achievement. Moreover, most experts agree that parental involvement, **even on the high school level and especially in 9th grade**, should go beyond attendance at teacher conferences and open house. We realize, however, each of our families are unique with its own priorities, needs, talents, and time constraints and so we try to provide as many different areas of opportunities for parent involvement as possible. We are kindly asking parents to volunteer at **least one hour** this school year. **Please** review the volunteer opportunities suggested below and check any you are interested in or tell us what you would like to do. Due to schedule changing depending on the day, please note what times you are available. We will start contacting volunteers to setup a parent volunteer orientation. After you have completed your parent volunteer orientation, we will set up a schedule within the next two weeks. You will be notified well in advance of your opportunity to serve the AHS Family. Grandparents are welcomed to volunteer in lieu of parent if needed be. Your child will receive 300 PBIS points for your involvement. Thanks in advance for your participation.
